Output: Accepted Referral	→	Output: Confirmed Appointment	→	Output: Treatment Status	→	Output: Financial Status	→	Output: Correspondence & Monitoring Complete

System Boundary and External Interactions

External participant / service	Interaction shown in operational BPMN
Referring Organisation / GP / Other Hospital	Sends referral and supporting documents; receives missing-information request
External Scheduling Service	Used by Outpatient Bookings Team to identify appointment availability
External Correspondence Service	Used to send appointment letters and Clinic Letters
External Treatment / Laboratory / Imaging Services	Used when treatment, laboratory, imaging or scheduling availability is external
External Payment Service Provider	Receives payment/refund requests and returns payment/refund status

Operational Model Coverage

Category	Coverage in the BPMN
Participants / Responsibilities	Medical Secretary, Consultant / Clinical Team, Outpatient Bookings Team, Treatment/Chemotherapy Bookings Team, Finance Team, Call Handling / CNS / Pathway Coordination / Admin Management, external services.
Activities	Referral recording, document checking, Consultant review, booking, contact, treatment booking, funding/payment/refund, enquiry handling, Clinic Letter approval and monitoring.
Decisions / Gateways	Information complete, referral decision, suitable slot, appointment within two weeks, telephone outcome, patient consent, treatment authorisation, resource availability, funding type, payment status, clinical decision, refund required, enquiry type, letter delay.
Messages	Referral documents, missing information requests, appointment scheduling, appointment letters, treatment resource availability, payment/refund requests, Clinic Letter distribution.
Business Rules	Consultant clinical authority, no appointment before accepted referral, two-week telephone rule, no unauthorised treatment processing, no duplicate payment/booking, Consultant approval of Clinic Letter.
Exceptions	Missing information, rejection/redirect, no slot, no answer, wrong number, reschedule, unavailable external service, declined/incomplete payment, lost payment confirmation, delayed Clinic Letter.
Assumptions	Urgency rules, number of contact attempts, timeout/retry behaviour, and post-FTA actions require tutor/stakeholder clarification.
